Question No : 4

What are the two key elements defined in an Organization in IBM Bluemix PaaS? (Select two.)

- A. Cities
- B. Users
- C. Routers
- D. Spaces
- E. Regions

Answer: B,D

Explanation:

Organizations and spaces are organizational units in the infrastructure that can store and track application resources. An organization contains domains, spaces, and users. A space contains applications and services. The default spaces are Development, Production, and Staging.
