Cisco

Exam 646-365

Cisco Express Foundation for Account Managers (CXFA) Exam

Version: 8.0

[Total Questions: 81]

Question No : 1

Which three statements accurately describe the evolution of the workplace and its impact on security? (Choose three.)

A. Mobility causes location borders to shift.
B. Cloud services cause end-user locations to shift.
C. Cloud services cause application borders to shift.
D. IT consumerization causes location borders to shift.
E. IT consumerization causes device borders to shift.

Answer: A,B,E

Question No : 2

Which three are major trends that fuel the demand for routing and switching? (Choose three.)

A. mobility
B. video
C. bandwidth optimization
D. cloud
E. IT standardization

Answer: A,B,D

Question No : 3

Which three statements accurately describe the evolution of the workplace and the importance of the network? (Choose three.)

A. Mobility causes location borders to shift.
B. Cloud services cause end-user locations to shift.
C. Cloud services cause application borders to shift.
D. IT consumerization causes location borders to shift.
E. IT consumerization causes device borders to shift.

Answer: A,C,E

Question No : 4

Which two statements best describe the challenges that customers have to face when providing services in a borderless world? (Choose two.)

A. How do you control energy consumption of devices that are owned by employees?
B. How can you support video in the whole network?
C. How can you integrate cloud services seamlessly in your network?
D. Which type of firewall should you deploy?

Answer: B,C

Question No : 5

Which statement does not correctly describe the impact of business video applications to the network?

A. Video applications rapidly increase the traffic within the network.
B. In order to ensure business quality video, video traffic needs to be prioritized.
C. Various devices with different capabilities need to be able to join video conferences.
D. Video conferences reduce the network load by eliminating the need to exchange files over the network in order to share information.

Answer: D

Question No : 6

Which two statements accurately describe the impact of BYOD to the network? (Choose two.)

A. TCO is reduced because employees use their privately owned devices.
B. BYOD increases productivity, but IT must find ways to integrate the utilized devices seamlessly with wired as well as wireless networks.
C. BYOD adds the requirement to support multiple operating systems.
D. Corporate users expect the same look and feel when using their own devices.

Answer: B,C

Question No : 7

Which three are main drivers for changing operations? (Choose three.)

A. change of market trends
B. change of competition
C. change of application software version
D. change of relative strengths
E. migration of the enterprise network to IPv6
F. migration to Cisco single-vendor networking solution

Answer: A,B,D

Question No : 8

Which of the following statements best describes the strategic importance of the network?

A. The network is most important for internal applications.
B. The network is most important for providing customers with access to company services.
C. The network supports business processes by integrating people and devices with applications.
D. The network integrates internal and external users and their devices.

Answer: C

Question No : 9

Which two statements describe the role of core technologies with regard to business processes? (Choose two.)

A. An end-to-end borderless network architecture builds the foundation for integrating people and tasks in changing market environments.
B. Operational agility is important for businesses today. A constant, stable core allows IT to focus on the rapidly changing applications.
C. In order to react to market changes, operations and processes have to be modified as well. The network infrastructure has to match the changed requirements.
D. Requirements to core technologies are rather static and are therefore independent of market changes.

Answer: A,C

Question No : 10

Which three best describe the Cisco Borderless Network Architecture? (Choose three.)

A. Infrastructure and network services are the basis for user services.
B. A Cisco Borderless Network is based on a common network infrastructure.
C. Routers and switches provide transport services and operate at Layer 2 and Layer 3 of the Cisco Borderless Network Architecture.
D. A Cisco Borderless Network Architecture provides borderless network services.
E. User services are not part of the Cisco Borderless Network Architecture.?

Answer: A,B,D

Question No : 11

Which two other architectures is the Cisco Borderless Network Architecture linked to? (Choose two.)

A. Cisco MediaNet Architecture
B. Cisco Security Architecture
C. Cisco TrustSec Architecture
D. Cisco Collaboration Architecture

Answer: B,D

Question No : 12

What are the two business benefits of a BYOD solution? (Choose two.)

A. reduced OpEx
B. less IT effort to support and secure different devices
C. less IT effort to support and secure different operating systems
D. simplification of network and security complexity
E. increased productivity using own devices

5

Answer: A,E

Question No : 13

Which statement is true regarding IPv6?

A. IPv6 support on network devices eliminates the need for additional security devices and applications in the network.
B. IPv6 is applicable in service provider networks but is an overhead item in smaller networks.
C. All devices currently support IPv6 and IPv4.
D. The Cisco Transformative Networking initiative provides an analysis of the network regarding the capabilities of devices to support IPv6.

Answer: D

Question No : 14

Which statement correctly describes the importance and role of business processes?

A. Business processes are built on company operations.
B. Operations and, consequently, business processes define the company strategy.
C. Changes in company strategy cause changes in business processes and, consequently, in operations.
D. Tasks in business processes require interaction of various users using the same type of device.

Answer: C

Question No : 15

Which three are the most important business-driven considerations regarding networking equipment? (Choose three.)

A. The network is a source of innovation and one of the most strategic assets.
B. You should accept that networking innovation has ended.
C. A next-generation network enables business benefits and customer engagement.
